# Your trusted link to SWIFT

SWIFT Cloud Services

June 2017

# Cloud trends

*"Enterprises across all sectors, are either in the cloud, transitioning to the cloud, or thinking about making the idea of cloud a reality"\**

✓ **Outsourcing of technical infrastructure**
✓ **Lower complexity**
✓ **Lower TCO**
✓ **Reduced implementation time**

## Focus on core business

*\*Networkworld - What to think about when moving to the Cloud – 19 Sept 2016*

**Alliance Lite2**

FINANCIAL INDUSTRY

▶ Continue

SWIFT Cloud-based connectivity enables financial institutions and corporates to exchange financial transactions with 10,800+ institutions worldwide while benefitting from the same security attributes as other SWIFT core services

**Your trusted link to the financial industry**

# Alliance Lite2

- **1,400+ customers**

- **One single and direct channel to SWIFT ie no third party**

- **Rapid set-up**

- **Lighter footprint**

- **Managed and operated by SWIFT**

- **Worldwide 24/7 support**

**Supports all FIN and InterAct messages, FileAct files and browse services over SWIFT**

# Alliance Lite2 – Customer Security Controls

## Alliance Lite2 has a lighter footprint
## Easy to implement security controls

### In your scope

- ✓ Lite2 tokens
- ✓ Lite2 AutoClient or Direct Link
- ✓ User/admin PC
- ✓ VPN if applicable

### Managed centrally by SWIFT

- ✓ Messaging Interface
- ✓ RMA
- ✓ Communication Interface
- ✓ GUI
- ✓ SNL
- ✓ HSM, PKI

## Alliance Lite2 is managed and operated by SWIFT

# Alliance Lite2 – Additional security considerations

- Alliance Lite2 is pre-configured to meet **all CSP security controls** imposed on software, at no additional cost

- Alliance Lite2 monthly subscription **includes RMA+**, allowing you to restrict message exchange in line with your business

- Alliance Lite2 is subject to **third-party assurance report** (ISAE 3000)

# SWIFT Cloud adoption

# 70%

% of new (joining) SWIFT customers choosing
Alliance Lite2 vs Service Bureau
to connect to SWIFT in 2016

# SWIFT Cloud adoption

# 31%

% of Alliance Lite2 customers who migrated
from another interface/connectivity to Lite2

# Alliance Lite2 - availability

# 99.9%

Availability Service Level Objective
Continuously over-achieved since 2013

# How does it work?

### Manual operations
- Web user interface
- User and profile management
- Payment messages creation
- Manual file upload
- Approval flows
- Statement messages reception
- Messages reports and Audit Trail

### Automated operations
- Automated File Transfer
- Direct Link option for integration with back-office applications (MQ, WebServices, REST) and transformations
